Capacity	4-8 cards
Mechanism	side-button pop-up release
Shielding	13.56 MHz RFID blocking
Finishes	9 anodized colors
MOQ	300 pcs

Thinnest pop-up in the line	8 mm flat — sits alongside a phone or passport without bulging a pocket.
Side-button release	the button sits flush and requires a firm press, minimizing accidental ejection in bags and pockets.
Nine stock colors	the widest standard colorway in our metal line — ideal for retail lines that differentiate by finish.
Two-material option	stainless steel for a heavier, premium feel or aluminum for weight savings — same tooling, same MOQ.
Minimalist wallet collections	position it as the "mechanism upgrade" tier above your slot-style slim wallets.
Retail color drops	nine anodized colors support seasonal color stories without new tooling.
Travel-adjacent EDC	at 8 mm it shares a passport pocket, and the metal shell provides durable RFID shielding at airport counters.
