Premium heft and solidity	the 85-95 g body reads as a durable, expensive object — a genuine selling point in gift channels.
Superior scratch resistance	304 stainless outlasts aluminum against keys and coins; PVD coating adds color without paint chipping.
PVD color range	black, gold and rose gold at the same MOQ as silver — fashion-forward lines without extra tooling.
Practical capacity	6-8 cards plus a cash section — closer to a traditional wallet than most metal competitors.
Men's gift and premium programs	"solid steel" copy writes itself; pairs with a rigid gift box for holiday drops.
Corporate branding	laser-engraved logos on brushed steel look executive and stay legible through years of desk and pocket wear.
Retail color SKUs	three PVD colors support shelf variety and seasonal storytelling with one tooling set.
