| Capacity    | 6 cards + cash clip                       |

|                                              |                                                                                                                                       |
|----------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------|
| <b>Colors</b>                                | black / brown / cognac                                                                                                                |
| <b>MOQ</b>                                   | 300 pcs · Sample: 5–7 days · Lead: 20–30 days                                                                                         |
| <b>Instant cash access</b>                   | notes slide out of the spring clip in one motion — no bill section to unbutton or unfold.                                             |
| <b>Real spring-steel clip</b>                | separate tempered clip keeps tension after thousands of uses; it is replaceable as a service part.                                    |
| <b>Full-grain construction</b>               | premium cowhide with hand-burnished edges — develops a rich patina and reads as a higher-value gift item than top-grain alternatives. |
| <b>Optional RFID liner</b>                   | add a 13.56 MHz shield for markets where card protection is a listed selling point.                                                   |
| <b>Gift and seasonal programs</b>            | deboss your logo and pair with a rigid gift box for a complete holiday SKU.                                                           |
| <b>Executive and business lines</b>          | the slim profile carries smoothly in a suit pocket without bulging.                                                                   |
| <b>First private-label order</b>             | mature pattern, hand-finish only — samples in 7–12 days with a low-risk production run.                                               |
| <b>Money-clip design pros and cons</b>       | Money Clip Wallets: Design, Pros and Cons                                                                                             |
| <b>Leather care that protects your brand</b> | How to Care for a Leather Wallet                                                                                                      |
| <b>Related ranges</b>                        | Leather Wallets · Men's Wallets                                                                                                       |
