| Thickness    | 10 mm                         |
| Weight       | 0.03 kg                       |

|                             |                                                                                                                                          |
|-----------------------------|------------------------------------------------------------------------------------------------------------------------------------------|
| Size Options                | 3 in, 4 in, 5 in, 6 in                                                                                                                   |
| Application                 | Office, Party, Document, RFID Blocking, Multi-Function, Gift, ID Card, Money, Travelling                                                 |
| Model Number                | cp-016                                                                                                                                   |
| Place of Origin             | Guangdong, China                                                                                                                         |
| Metal Card Retention        | The metal body holds cards through friction and structural tension rather than elastic, so retention does not degrade with repeated use. |
| Single-SKU Multi-Market Fit | Four sizes within one product family reduce the number of SKUs a distributor must stock while covering standard card dimensions.         |
| Size FlexibilityFour sizes  | 3 in, 4 in, 5 in, 6 inSingle fixed size per SKU                                                                                          |
