✓ Card Capacity: 6-12 cards	✓ Material: Aerospace-grade aluminum, anodized
✓ Closure: Pop-up spring mechanism, aluminum shell	

Technical Specifications

pa_color	Black, Gunmetal, Silver
pa_capacity	1-4 Cards
pa_feature	Pop-Up, RFID Blocking
Product Line	Wallet & Card

Series	RFID Wallet Series
Material System	Aerospace-grade aluminum
Technology Platform	RFID shielding, pop-up mechanism
Material	Aerospace-grade aluminum, anodized
Dimensions	9.5 x 6.2 x under 0.8 cm loaded (3.7 x 2.4 in)
Card Capacity	6-12 cards
RFID Blocking	13.56 MHz shielded (aluminum shell)
RFID Attenuation	99.2%
Closure	Pop-up spring mechanism, aluminum shell
Mechanism Lifespan	15,000 actuations
Product Status	Best Seller
MOQ	300 pcs (stock anodize) / 1,000 pcs (custom anodize / tray)
Sample Lead Time	7-10 days
Production Lead Time	25-35 days after sample approval
Packaging	White-label sleeve or custom gift box
Customization	Laser engrave, custom anodize, bonded leather wrap, numbered packaging
Shell	aerospace aluminum, hard-anodized
Shield	Faraday shell (13.56 MHz) from the aluminum itself
Tray	laser-cut stainless steel, spring-loaded pop-up
Capacity	6-12 cards; total loaded thickness under 8 mm
Logo	laser engraving through anodize
Anodize	silver, black, gunmetal grey; custom color on runs
Wrap	bare aluminum or bonded full-grain leather
Shielding that cannot wear out	the aluminum shell is the Faraday shield — no film liner to age, peel or fail; verified per batch to AQL 2.5.

One-hand card access	the spring-loaded tray fans 6–12 cards out in a single press — the in-store demo moment that sells itself.
Replaceable service parts	retention bands are a stock spare part — an after-sales story most metal-wallet vendors cannot tell.
Flagship EDC drops	the mechanism and finishes support limited-edition numbered runs and premium packaging.
Private-label starters	300 pcs MOQ on stock anodize makes it a low-risk first order with room to scale to custom colorways.
Retail demo environments	the pop-up action converts in-store interest to sales in under ten seconds.
It is a metal item	no leather wrap is standard — the optional bonded leather wrap changes the hand feel but adds the wrap MOQ tier.
